TRIBUTE TO THE DEAD

MEMORIAL SERVICES HELD IN THE NATIONAL HOUSE OF REPRESENTATIVES.

FOR CUMMINGS AND OTEY

The Eulogy Delivered by Mr. Cannon of Illinois Is Exceedingly Impressive.

This Is the First Time in Over Ninety Years That Sunday Has Been Made a Regular Legislative Day.

Washington, June 30.—The house of representatives held a session Sunday to pay tribute to the memories of the late Representatives Amos Cummings of New York and Peter J. Otey of Virginia. By special direction of Secretary Moody the Marine band was in attendance in the lobby in the rear of the hall and rendered an appropriate musical programme. The widows and families of the deceased occupied the speaker's pew in the galleries and delegations from Typographical union No. 6 of New York, the Letter Carriers' association and the New York Pilots' association came here to honor Mr. Cummings' memory. The public galleries were well filled. The eulogies were exceedingly impressive, especially that delivered by Mr. Cannon of Illinois, the veteran chairman of the appropriations committee, who paid a tribute from the heart to the lofty, manly and honest character of Mr. Cummings.

Although services have been held in the house on Sunday on previous occasions, notably the death of Henry Winter Davis, this was the first time in ninety years that Sunday was made a legislative day and the house met on the Sabbath with a speaker, clerks and all the other paraphernalia which accompany the actual transaction of legislative business. Frequently in times past the house has been in session on Sunday, especially at the close of a short session, but such sessions always have been continuations of the legislative days of Saturday and the Journal on Monday showed no session on the Sabbath. In this case, however, the Journal of Sunday will be that of a Regular Legislative Day.

In order to find a precedent for the session the house managers went back to 1811, when the house held a session on March 2 because of the pressure of public business two days before the final adjournment, March 4.

Mr. Cannon, in his eulogy of Mr. Cummings, concluded his remarks as follows:

"But what of the other side of the river? Revelation and faith tell us that we need not go there alone, for we enjoy the universal desire that it is to be found in each human unit from the beginning of the race to the present time of the life beyond this life. The universal protest against extinction is the strongest kind of evidence that our respective individualities are not to be wiped out, and all hope and believe that somewhere in the great beyond under universal law we will each one continue to achieve the place in the infinite existence that we are entitled to occupy.

"I trust that when I shall cross the dark river that I may arrive at that place in space or condition where I shall meet such men as Amos J. Cummings and those with whom I have served that have crossed the river—Samuel J. Randall, William D. Kelly, Benjamin Butterworth, S. S. Cox and many others I could name and in such condition I shall be glad and content." Eulogies were pronounced on the late Representative Otey, and the house, as a further mark of respect, adjourned for the day.

IN M'KINLEY'S MEMORY.

Tablet Unveiled in the Metropolitan Methodist Church, Washington.

Washington, June 30.—A small tablet of white marble, bearing in letters of gold a brief statement of the life and deeds of William McKinley, the tribute of his friend, Judge Thomas H. Anderson, formerly of Ohio, but now a member of the district bench, was unveiled in the Metropolitan Methodist Episcopal church here Sunday. The unveiling was attended with simple ceremony in the presence of some of those who had helped the dead president execute the will of the people. Well known men added their tributes to the solemn melodies of the choir in making the occasion a memorable one. The American flag that concealed the tablet was drawn aside as the congregation sang with deep feeling "Nearer, My God, to Thee." The tablet occupies a position on the north wall of the main auditorium midway between the two entrances to the church. President Roosevelt and Secretary Cortelyou were present.

Germany Faces a Big Deficit.

Berlin, June 30.—The deficit in the German budget of the year 1901 is announced to be 40,000,000 marks. The railway revenue in particular has fallen off. It is stated that the prospects for 1902 are not bright, as decreases are expected in the particular contributions of the individual states, as well as in railway receipts.

ALL RECORDS BROKEN.

Gauge of 125 Miles of Track Changed in Nine Hours.

Medapolis, Ia., June 30.—Four hundred and forty men working nine hours in a driving rain moved both rails of the Burlington and Western road on 125 miles of track and thus broke all records in converting a narrow into a broad gauge track. The event was witnessed by thousands of Iowans, who stood at every depot holding umbrellas to protect themselves from the drenching downpour.

Twenty-eight crews of sixteen men each, working an average of four miles each, accomplished the feat without the abandonment of any regular Sunday traffic and without any serious delay. Two hundred thousand spikes were driven. Each rail was moved ten and a quarter inches to a row of spikes previously driven in the ties. All save four spikes in the inside had been previously drawn, all those on the outside being undisturbed until their rails were lifted to their broader gauge.

The work was carried on simultaneously on the line from Medapolis to Washington and from Wenfield to Oskaloosa. Trains loaded with gangs of men left Medapolis, Washington and Oskaloosa on the narrow gauge and dropped the gangs four miles apart. Following the narrow gauge trains specials on the new broad gauge picked up the gangs and conveyed them to the starting point. All sidings were broadened at the same time.

The men were all experienced track men of the Burlington and Western, and others borrowed from the Burlington and Rock Island systems.

WALKED OUT OF CHURCH.

Miners at Olyphant, Pa., Refuse to Worship With an "Unfair" Man.

Scranton, Pa., June 30.—The quiet Sunday services at St. Patrick's Catholic church at Olyphant were rudely disturbed by District Board Member Stephen Reap of the United Mine Workers of America suddenly leaving the building on account of the presence of a tabooed person, taking with him a large percentage of the congregation. It was at the 10 o'clock morning mass. The Rev. Father Murphy had just arrived and was proceeding down the aisle when Reap arose in his seat and said: "Father, there's a man in this church who is on the unfair list. Will you ask him to leave the church?"

"No," answered Father Murphy, brusquely, "I will not."

Reap then called upon all present whose sympathies were with the mine workers and their cause to leave the church with him. Between 150 and 200 men arose and quietly filed out. They attended the services at the Olyphant Polish Catholic church.

LARGEST IN THE WORLD.

Mammoth Cotton Mill to Be Built Near Kansas City.

Kansas City, June 30.—The Star says: The largest cotton mill in the world is to be built within twenty miles of Kansas City. Ten million dollars is to be invested, \$3,000,000 of which has already been subscribed by Eastern and Western men. The mill will have 500,000 spindles and 12,000 looms. It will employ 4,000 operatives and have a payroll of \$2,450,000 a year. The capacity of the mill will be 170,000 bales of cotton a year, with an output of 75,000,000 pounds of finished cloth. The value of the annual output will, it is estimated, amount to \$12,750,000. The mill will be revolutionary in its construction. Electricity will be used as the motive power and several new devices will be installed. There will be four mill buildings covering an aggregate of twenty acres of ground.

DEMANDS ARE CONCEDED.

Strike of Chicago Job Printers Has Been Averted.

Chicago, June 30.—The threatened strike of the Chicago job printers has been averted by the Chicago Typographic union, the employers' organization, according to the demands of the men. Beginning next Tuesday all union printers employed in the book and job printing offices in Chicago will receive a material advance in wages. This is the first time in over twenty years that the job printers of this city have received an increase in pay.

The agreement and scale of wages agreed upon will remain operative until July 1, 1905. According to the agreement any disputes which may arise in the future must be referred to an arbitration board, and, pending a settlement, there shall be no suspension of work.

American Jockeys Exonerated.

Paris, June 30.—The recent investigation by the Jockey club of the conduct on the French turf of American jockeys, who, it was intimated, had attempted to prevent the English jockeys riding with them from winning races, has resulted in the exoneration of the Americans. It is said that the club found nothing suspicious in their behavior and no proof of a combination on their part against the English riders was discovered.

Struck a Broken Rail.

Colorado Springs, June 30.—At 10 a. m. an excursion train on the Colorado Midland railway coming down Ute pass from Cripple Creek struck a broken rail and seven cars were wrecked. Francis M. English, a prominent musician of this city, was instantly killed and thirty other passengers were more or less injured, three or four probably fatally.

MAY CAUSE GREAT DISTRESS.

Alarm in Western India Because of the Absence of the Monsoon.

London, June 30.—A dispatch to the Daily Mail from Bombay says there is great alarm in Western India because of the continued absence of the monsoon, the heavy rainfall which usually comes early in June. The non-appearance of the monsoon is traceable to the eruption of Mont Pelee, on the island of Martinique. The condition of the province of Gujarat causes intense anxiety. If the rains fail unspeakable distress will ensue there.

Meteorologists declare, says the correspondent, that the eruption of Mont Pelee affected the monsoon a thousand miles to the westward.

St. Louis, June 30.—The sixty-five members of the Wisconsin Press association who reached here on the steamer Dubuque from St. Paul were entertained by officials of the Louisiana Purchase Exposition company. Despite the rain the visitors were taken in two special trolley cars for a trip about the city.

Seven Are Probably Drowned.

Put-in-Bay, O., June 30.—The steam barge George H. Dunbar sprung a leak ten miles east of Kelleys Island and sank at 4 a. m. The captain, his daughter and another man were saved by persons from Kelleys Island. Seven others left the barge on a raft, but up to this time had not been seen and it is feared that they have been lost.

THE EXCURSION YESTERDAY.

The Firemen Netted a Good Round Sum From the Big Excursion to Bemidji Yesterday.

The firemen's excursion to Bemidji yesterday was a success in every way and the department in this city netted a neat sum from the event. There were nearly 1500 people on the train. They left here at 6 o'clock yesterday morning returning at midnight.

At Bemidji the band met the crowds at the train and aside from ball games there were various amusements on the lakes and other places that gave the crowd plenty of diversion.

Meeting of Business Men.

The executive committee of the Crow Wing County Agricultural Society desire to confer with the business men of the city and all others interested in the development of Crow Wing county, in regard to holding a fair this fall, and to that end have called a citizens meeting to be held at the city council room on Thursday morning, July 3rd, at 10:30 o'clock. If the county fair is to be continued, there must be concerted action upon the part of our citizens. The great value of these exhibits in advertising the resources of the county should be apparent to all and everyone should be interested in continuing them, now that the Crow Wing county fair has become an established institution. It is hoped that there will be a good attendance of business men and others at this meeting.

BOMBARDS THE TOWN

ADMIRAL KILLICK TURNS THE GUNS OF HIS FLEET AGAINST CAPE HAYTIEN.

AUTHORITIES NOT NOTIFIED

Foreign Consuls About to Embark on a Government Boat—General Firmin's Supporters Driven From Their Position by Revolutionists From the North—No Foreign Warship at Present in the Port.

Cape Haytien, Hayti, June 30.—There has been much fighting here and great excitement prevails. Admiral Killick, commander of the Haytien fleet, disembarked a detachment of troops and a large quantity of ammunition at 4 a. m. for the better protection of General Firmin, one of the candidates for the presidency of the republic.

Since 6 a. m. there have been several lively engagements between the men of the fleet and the revolutionists from the north. Several machine guns were set up in a commanding position by General Firmin's forces and an attempt was made to drive the men from the north from their position. Notwithstanding the fire from the machine guns detachments from the northern revolutionists made several attacks on General Firmin's followers and the latter were eventually dislodged.

In the meantime the vessels under the command of Admiral Killick were bombarding Cape Haytien. This action was taken without previous notification to the foreign consuls here. There has been a lively rain of shots down the streets of Cape Haytien all day long. The firing was particularly heavy between noon and 4 o'clock p. m.

The foreign consuls, under the protection of their various flags, are with General Firmin and are about to embark on the government gunboat Crete A. Pierot. They are under a rather heavy fire and in considerable danger. The foreign residents of this port are at present exposed to the lawlessness and savagery of the combatants.

Deep regret is expressed that no warship of a foreign power is in the harbor to afford protection to foreign residents. Great excitement reigns here and as this dispatch is sent the firing in the streets continues.

SITUATION UNCHANGED.

Eighth Week of Anthracite Strike Finds Both Sides Firm.

Wilkesbarre, Pa., June 30.—The beginning of the eighth week of the anthracite miners' strike shows no change in the situation. At President Mitchell's headquarters National Board Member John Fallon is acting for Mr. Mitchell during his absence. He said that the miners were just as determined as ever, and unless there was arbitration the strike is destined to go on. The national board member also denied that there was any suffering among the strikers. He said that so far there was no privation and not likely to be any for a long time to come.

The local operators seem to be a unit in saying that a break in the strikers' ranks may come any time now. This belief is based on reports which the operators claim to have received from many sources that the families of many of the strikers are in want.

An attempt will be made to start at least three washeries in the Wyoming region. One operator said that the number of washeries now in operation was greater than at any time since the strike began and that there was only one step between operating a washery and a colliery. Sooner or later he thought an attempt would be made to start up a mine.

UPSET RUSSIA'S PLANS.

Peace in South Africa Was Declared Sooner Than Expected.

St. Petersburg, June 30.—The fact that no representative of the court or of the ministry has called at the British embassy here to offer the sympathy of Russia in the matter of the illness of King Edward has occasioned much comment and is generally attributed to Russian chagrin on account of the conclusion of peace in South Africa. It is said upon excellent authority that Count Lamsdorff, admitted minister of foreign affairs, admitted that this peace had upset Russia's calculations, which were based upon a much longer continuance of Great Britain's difficulties in South Africa. Count Lamsdorff is reported to be particularly nettled because Great Britain did not consult the Boer delegates in Europe in regard to peace.

AN UNUSUAL EVENT.

Sailing Vessel From the Great Lakes Arrives at New York.

New York, June 30.—An unusual arrival in the port of New York was that of a lake built schooner, the Linerla, constructed at Manitowoc, Wis., in 1884 and hailing from Milwaukee. The vessel sailed from Menominee, Mich., on April 28. She brought to this port a cargo of lumber from Three Rivers, Que., and was twenty-four days on the voyage from that port. It is seldom that a sailing vessel of the Great Lakes comes to the Atlantic. The Linerla is in command of Captain Wilson. She will go from this port to New Orleans.

Nine Chinamen Denied Admission. Port Townsend, Wash., June 30.—Nine Chinese claiming admission as laborers returning from China have been denied admission and arrested by the customs officials, it being apparent, in a majority of the cases, that their papers were irregular. Each purported to bear the signature of Collector Saunders, but these are declared to be forgeries.

TWO NUPTIAL EVENTS.

Mr. Andrew O. Ellingboe and Miss Annie Maria Anderson United in Marriage—Troxel-McCorkell.

There was an elaborate wedding on Saturday evening in Walker hall, some one hundred and fifty guests being present. Rev. A. H. Carver spoke the words that united in marriage Mr. Andrew O. Ellingboe and Miss Annie Maria Anderson, both well known young people of this city. The bridesmaids were the Misses Matilda Anderson, Mary Hurley, Ida Anderson and Elsie Peterson. The best men were Otto Johnson, Oscar Larson, Ole Erickson and William Herring.

The bride was attired in a gown made of beautiful blue silk mulle, trimmed with applique lace and carried in her hand a beautiful cluster of peonies.

The wedding march was played by Prof Cutu and after the ceremonies were over the bride and groom received the congratulations of their many friends. Some very substantial presents were received.

On Sunday morning at 9 o'clock Rev. A. H. Carver united in marriage, Mr. Ernest A. Troxel and Miss Carrie McCorkell. Miss Ida McCorkell, sister of the bride, was the maid of honor and Mr. Anton Claus was best man. None but immediate friends of the contracting parties were present to witness the ceremonies.

Invitations are out for the marriage of Miss Belle Wilson to Mr. William Hense on Wednesday evening at the home of the bride's parents, Mr. and Mrs. J. A. Wilson. The affair will be quite an elaborate one, a large number of invitations having been sent out.

LITTLE FALLS IS TAKEN INTO CAMP

Brainerd Won the Purse Offered
by the Firemen at Bemidji
Yesterday Afternoon.

LAWYERS BEATEN SATURDAY.

They run out of Balls and the
Game was Called after a
Fierce Struggle.

Brainerd 6; Little Falls 3.

The bunching of timely hits, steady work in the box and excellent support behind Pitcher Bemis, won the game at Bemidji yesterday for Brainerd between the teams of this city and of Little Falls. The game was a good one considering the grounds that the boys had to play on. They were not enclosed and were rough and unkept, and it might have been better to have played in Sheriff Bailey's cow pasture. There was nevertheless a good crowd out to see the game, and it seemed to be pretty well enjoyed.

Bemis was on the slab for the locals, and notwithstanding the fact that he was a little wild in the ninth inning, he pitched a great game. There were many strikeouts to his credit, and the Mill City boys could not connect with his curves, and the summary will show but one little single to their credit throughout the game. It was fierce the way they went after the balls, but their best work was ineffective, so far as score getting was concerned.

Ferrell in the box for Little Falls pitched a good game, however, and only five hits were secured off him. The support that the team gave him, was simply rotten, and was enough to discourage any pitcher. Bourassa at short and St. John at second made some very costly errors, and Wulling at third was not much better. Five hits were made off Ferrell during the game.

Brainerd's infield seems to improve every game that is played. Their work yesterday was faultless considering the ground that they had to work on. Kindler at second will prove a favorite with the fans for his head is steady and he can be depended upon at all times. Flynn made a pretty pick up in the eighth, shutting a man off at second and it came near being a double.

In the first of the fourth Brainerd got in its work in good shape and it was this inning that four scores were made in a bunch. Howe up took a base on balls and Williams followed with a hit. Howe advanced to second and Kindler's hit brought both Howe and Williams home. Murphy up took a slam out of the old ball and made as pretty a single as has ever been seen, scoring Kindler, who had edged around to third. Flynn got life on St. John's error and Murphy scored. Bemis struck out and Spellacy and Englebreton went out at first.

There was some kick on the umpire's decision, but as he was Little Falls' own selection it was their lookout and they could have taken him out at any time. It just simply means that with the present team that Brainerd has, they all have to play ball in order to win. This fact will be demonstrated to all the northern Minnesota clubs before the season is over.

The following is a summary of yesterday's game:

Immediately after the Little Falls-Brainerd game Pine River stepped into the diamond and wanted to play the winner. Of course, Brainerd was not there for its health and the Pine River boys were asked to raise a small purse, which they did, amounting to \$15. Five innings were played and the score was 22 to 1 in favor of Brainerd.

City Officials 28; Lawyers 18.

Saturday afternoon the city officials and the lawyers met at Athletic park in deadly combat to play a game of base ball and it was certainly a fierce contest. The game wound up before the ninth inning and some of the lawyers began to delve into Spalding's '02 rules to find out whether it was "no game" or not. The reason they quit was a perfectly sensible one. They had no more balls to play with after several had been punted into the river and naturally they had to stop. Lawyer Larson started in to pitch for the lawyers and he was hit any old time for two baggers and three baggers. Attorney Crowell went into the box toward the last of the game and his work was more effective, the officials being unable to find him for more than 19 hits. He has a sort of an underhand twitch that makes the ball sort of switch through in a very deceiving manner. No one would think it of Crowell either by looking at him. The feature of the lawyers' playing was Judge Fleming's fly catch in the field, Judge Alderman's slide to second and the star fielding of Mr. Cox in left field. Any time any one imagines that A. D. Polk who played "over by third base" can't go along some they are mistaken. He gathered in some beauts but it was certainly lucky that no hot liners come his way for it is not thought that his lean form could withstand the blast. Then there was his heir apparent who played short to perfection. Attorney Crane played a fast and furious game all the time.

For the city officials Health Officer Thabes was on the slab and he was there strong, although toward the

last the disciples of Blackstone were landing on him rather heavily. Officers Derocher and Brockway were the whole thing at bat. Mose would lam her out for a dinky and his ice wagon trot did not prevent him from connecting with the first bag. Joe Weitzel played a star game on second and John Peterson was the whole thing on third. Chief Nelson did a stunt or two himself on first base and made a good showing.

The financial part proved to be a winner, for there were nearly four hundred people at the game and the library will net a neat sum.

The lawyers feel a little sore, for they think that if they had another ball they would have won. They played only 8 innings.

St. Cloud played with Grand Forks yesterday at Cass Lake, the score being 5 to 4 in favor of Grand Forks. Frank Hall and others saw the game and they say that it was a rank robbery; that St. Cloud outplayed them at every point and were entitled to the game. Their different umpires took a whirl at it. Ball struck out ten men during the game.

Two games will be played at the Brainerd Athletic Park on the Fourth, one in the morning and one in the afternoon. Chas. Bemis and Dr. Watkins will do the honors on the slab on that day and Brainerd expects to win both games.

HE THINKS IDIOTS' VOTES DON'T COUNT

A Peculiar Procedure to Come up
Tomorrow before Judge Mc-
Clenahan in Chambers.

ALL PILLAGER IS INTERESTED.

Mayor Lasher's Election is Assailed
by Bennett his Opponent
and Things are Fierce.

A queer procedure has been started at Pillager which will be watched with interest, as it is positive that no similar case has ever been instituted in this state. At the last village election there were two men running for the office of mayor or president, the present incumbent, Mayor Lasher, and William Bennett. At the election 31 votes were cast, Lasher receiving 16 and Bennett 15. There was a pretty hot local scrap on and bitter enmity was aroused between the two factions.

The outcome of the election has been a procedure in court as above stated. Bennett, through his attorneys in this city, Alderman & Mantor, has secured a writ of quarranto, upon which there will be a hearing before his honor Judge McClenahan tomorrow morning. It is claimed by Bennett that of the 16 votes that Lasher received two of the votes were cast by idiots; that they are not entitled to vote and therefore he would be elected, the vote being 15 to 14. Mayor Lasher has employed Polk & Polk in the matter.

It seems that one of the propositions which has been a bone of contention at Pillager for some time between the two factions was the erec-

tion of a city jail. The Bennett faction wanted the jail and the other fellows didn't. Before the election was held Bennett and a few others went ahead and built the jail then tried to dispose of it to the village, but Mayor Lasher being in the seat of power could not hear to it and a few men at that quiet little village have a jail on their hands. Now it is proposed to beat Lasher out and sell the jail to the village anyway.

JAMES WILLIS BADLY HURT.

In Some Manner he fell from a Scaffolding
at the N. P. Shops and was
Badly Mangled.

Saturday night immediately after the whistle blew at 5 o'clock James Willis was quite badly injured at the Northern Pacific shops and for a time it was thought that the injuries would prove fatal.

It seems that he was up on a scaffolding and fell to the hard floor, in the fall he got mixed up with the brace pieces on the scaffold and his face and head were badly lacerated. One of the fingers on his right hand was also badly mangled.

He was removed to the hospital where he is receiving the best of medical care and it is thought he will pull through all right.

MUSIC AND DRAMA.

"TWO LITTLE WAIFS."

Lincoln J. Carter's latest and best production will be at the Brainerd Opera House on Wednesday, July 2. Stanley and Lolita Lamb will assay the parts of the "Waifs" and are said to be the cleverest of child artists, playing the very difficult roles with an interpretation worthy of professionals of years of experience. The story is one of heart interest with a broad vein of refined comedy, intermingled with pathos, sentiment and tears. "The Two Little Waifs" is said to be the best of Mr. Carter's pieces, and at the trial performance in Chicago was pronounced by some critics to be the masterpiece of the author's repertoire.

"TOO RICH TO MARRY."

The performance of the great comedy success "Too Rich to Marry" will be seen at the Brainerd Opera House, July 16.

The company will appear here with the same cast which made the comedy such a success from the first of the season. The six principal parts are taken as follows:

"Ralph VanVlissingen, a rich young man," Arthur Smith.

"Reginald Huntington Ponsonby a poor young artist," R. B. Brown.

"Thomas C. Wiggs, the owner of a Colorado Smelter," Ed Redmond.

"Charles Poppentit, a valet," Fred Armstead.

"Mrs. Martha Middlecroft, a Dunderdard Widow," Miss Jessie Brink.

"Louise Ponsonby, Ponsonby's wife," Miss Jessie Emison.

"Aletha Middlecroft a young Dunderdardess" Estelle Redmond.

Bad Shape.

This morning the low place in the swamp near Hackensack on the M. & I. gave way completely, and it is reported that three or four cars of a gravel train went down, bearing down with it the track and the trussel work, making a very bad mixup. The passenger train had just come across before the gravel train went out on the track.

Yesterday evening when the excursion train passed over the place it was in bad shape, but it was fortunate that nothing happened then.

Everything will be tied up on the M. & I. until something can be done.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

THE WORK OF CONGRESS

RECORD OF WHAT HAS BEEN AC-
COMPLISHED IN THE PAST
SEVEN MONTHS.

WAS A BUSINESS SESSION

With the Exception of Cuban Reci-
procity, Most of the Larger Subjects
of General Legislation Have Been
Enacted Into Law—Total Appropri-
ations Very Close to the Billion Dol-
lar Mark.

Washington, June 30.—The work of
congress is now practically closed, so
that it is possible to sum up the
record of what has been accomplished
during the past seven months, which
constitutes the first session of the
Fifty-seventh congress. The session
has been marked by exceptional busi-
ness activity, with many questions of
far reaching general interest engaging
attention. With the exception of the
Cuban reciprocity bill, most of the
larger subjects of general legislation
have been enacted as laws, or will be
come such before the session closes.
Notable among these larger measures
is the isthmian canal bill, which con-
summates the efforts of a half century
to link together the waters of the At-
lantic and the Pacific. Aside from its
national and international importance
this bill probably involves a larger
sum of money than that covering any
other single undertaking by the gov-
ernment outside of war expenditures.
The Philippine civil government bill
is another measure of far reaching
importance, extending to our remote
Pacific possessions a system of inter-
nal civil government, together with
coinage, currency, banking, corpora-
tion, timber and homestead laws.
Among the other important general
laws enacted are those repealing the
war revenue taxes; extending and
making more effective the Chinese ex-
clusion laws; establishing a tariff for
goods to and from the Philippines;
extending the charters of national
banks for twenty years; establishing
a permanent census office; restricting
the sale of oleomargarine by placing
a high tax on imitation butter; provid-
ing a consular and diplomatic service
for Cuba; establishing an extensive
system by which the government will
aid in the irrigation of the arid sec-
tions of the West.

Largest Single Reduction Ever Made.

The repeal of the war revenue taxes
reduced taxation \$73,250,000 and is
said to be the largest single reduction
of taxation ever made in this country.
By this step the last of the taxes im-
posed at the beginning of our war with
Spain was wiped out.

The Philippine tariff act imposes 75
per cent of the Dingley tariff rates on
articles coming from the Philippines to
the United States, and also imposes
on articles entering the Philippines
from the United States the rates of
duties established by the Philippine
commission.

The oleomargarine act results from
several years of agitation. It places a
tax of 10 cents a pound on substances
colored to imitate butter.

The irrigation act is of special im-
portance to the development of the
West. It creates an irrigation fund in
the treasury department, into which
is to be paid the proceeds of the sales
of public lands in the arid states. This
fund in turn is to be used in storing
water and establishing irrigation sys-
tems, the irrigated sections to be open
to homesteaders, who are to be charged
a proportionate share of the cost of the
improvement.

The Chinese exclusion law continues
exclusion "until otherwise provided by
law," and also applies the exclusion
"to the island territory under the juris-
diction of the United States." Aside
from these important laws there are a
number of other measures of general
importance which have passed one or
both houses, but have not progressed
to the final stage.

Close to the Billion Mark.

The amount of appropriations for
the session will run unusually high,
owing in part to the amount required
to build the isthmian canal. When
Mr. Cannon submitted a general esti-
mate of appropriations a few weeks
ago he made the total up to that time
\$691,445,000. Since then the canal bill
has passed, carrying a present approp-
riation of \$40,000,000 for the fran-
chise, and enough more for the rights
of Colombia and for beginning the
work to carry the total up to \$50,000,
000. The entire cost of the undertak-
ing is approximately \$184,000,000. Mr.
Cannon's estimate also omitted con-
tracts for future expenditure included
in the omnibus public building, the
omnibus claims and various other
bills, aggregating a large amount. This
will carry the total for the session,
figuring in these future amounts, al-
most, if not quite, up to the billion
dollar mark. The appropriation bills
have contained little general legisla-
tion, being confined chiefly to the reg-
ular needs of the various branches of
the government.

There have been several investiga-
tions during the session which have
attracted much attention. An investi-
gation of conditions in the Philippines,
conducted by the Philippine committee
of the senate, has led to the examina-
tion of many witnesses high in the
conduct of civil and military affairs
in the islands. Another senate in-
quiry has related to conditions in Cuba,
especially as to sugar. In the house
sensational charges made in connec-
tion with the purchase of the Danish
West Indian islands led to an investi-
gation which disclosed the groundless
nature of the charges.

Blames British Captain for It.

St. Petersburg, June 30.—In a dis-
patch from Port Arthur, the corre-
spondent of the Novoe Vremya blames
the captain of the British vessel Hinan
for the recent epidemic of cholera at
that port, which has caused the death
of over 400 persons, nearly 300 of
whom were Europeans.

REPORTED IN GOOD FAITH.

Major Gardener Testifies Before Board
of Inquiry.

Manila, June 30.—The board which
inquired into the charges of cruelty,
etc., brought by Major Cornelius Gar-
dener, governor of the province of
Tayabas, against American officers and
soldiers, being desirous of com-
pleting its sittings, held a session Sun-
day.

Major Gardener, continuing his tes-
timony, said he had considered his
original report to be strictly confi-
dential, and for Secretary of War Root,
and that since he wrote this report
and during the present investigation
he had heard testimony, which he pre-
sumed to be true, which he had heard
before, might have caused him materi-
ally to have altered his report. He
said that insurgent troops might have
been temporarily disbanded and hid-
den and no one except themselves
cognizant of their existence. Regarding
the alleged cases of outrages, com-
mitted by five soldiers, Major Gar-
dener said he did not desire to bring
those cases before the board and that
they probably were not true, although
he had made his report in good faith,
as the original affidavits proved.

Regarding the charge that American
soldiers in the summer and fall of
1901 had administered the water cure
to natives, Major Gardener said that
he received information to this effect
from deputations of citizens from
towns near which the cure was said
to have been given.

CONTINUES TO IMPROVE.

All News From King Edward's Bedside
Is Satisfactory.

London, June 30.—The night passed
with less incident at Buckingham pa-
lace than any other night since the op-
eration was performed on King Ed-
ward. There were fewer watchers
outside the palace, the public ap-
parently having accepted the official
announcement that the king has
passed the point of immediate dan-
ger. The following bulletin was is-
sued at 9 a. m.:

"The king feels stronger, in spite
of some discomfort from the wound.
Nothing has occurred to disturb the
satisfactory progress the king is mak-
ing."

This bulletin was not expected until
10 o'clock, consequently the few per-
sons who were passing in the neigh-
borhood of the palace were the only
ones attracted to the announcement.
When the footmen had posted the no-
tice, however, the crowd soon in-
creased and read the latest news with
expressions of thankfulness.

A bulletin posted at the palace at 4
p. m. said the king's progress was in
every way satisfactory and that the
local discomfort had decreased.

A dispatch to the Daily Mail from
Copenhagen says that Queen Alexan-
dra has invited the deputation of Dan-
ish hussars to return to London at the

WILL DAMAGE THE CROPS.

Heavy Rainfall Reported Throughout
the Middle Western States.

Chicago, June 30.—"If the rains con-
tinue a few days longer the damage to
the crops throughout the Middle West-
ern and Western states and the loss
to the farmers will be beyond calcula-
tion," said Professor Cox of the United
States weather bureau.

While he was speaking reports were
coming in showing that it was raining
practically all over the Middle West,
and that many already flooded states
were visited by an inch or more of
rain in twenty-four hours. In Chicago
the rainfall was more than an inch.
Illinois is one of the chief sufferers.
All through the interior, as far south
as the Ohio river, the farms are flood-
ed. Corn fields, wheat fields, meadows
and gardens have been turned into
lakes and ponds. Only the most favor-
able kind of weather will save the ag-
ricultural communities from heavy loss.

UNPRECEDENTED SHUTDOWN.

All the Plate and Window Glass Fac-
tories in the Country Idle.

Pittsburg, June 30.—The plate glass
and window glass industries of the
country are at a standstill, the former
plants for one and the latter for two
months, throwing idle an aggregate of
10,000 men. The complete shutdown
of the plate glass factories is a condi-
tion never before existing in this coun-
try. The plate glass men go out
through an agreement of producers,
which the Pittsburg Plate Glass com-
pany insisted upon, thereby forcing
the smaller concerns to fall in line.
The window glass workers are em-
ployed in the independent factories,
the American company's and the Fed-
eration company's employees having
quit on May 15.

WILL JOIN DOWIE.

Mrs. Nation Will Stop Smashing and
Go to Healing.

Wichita, Kan., June 30.—Word has
been received at Medicine Lodge from
Mrs. Carrie Nation, the saloon smash-
er, announcing her intention of join-
ing John Alexander Dowie in his col-
ony of Zion, near Chicago.

Mrs. Nation claims in her letters
that she has turned out to be a first
class healer and that she will travel
for Prophet Dowie, gaining converts
to come there, and will make that her
home.

Mob Stones Street Cars.

Pawtucket, R. I., June 30.—Street
cars were stoned and obstructions
placed on the tracks by sympathizers
of the striking motormen and conduc-
tors in this city and Central Falls.
The heavy rain has made the police
less vigilant than usual and the at-
tacks were a surprise. Two street
railway men were hurt by missiles.
After running ten cars during the day
the traction company took all off at
dusk.

The Pope's Gift to Roosevelt.

Rome, June 30.—The Right Rev.
Thomas O'Gorman, bishop of Sioux
Falls, S. D., when he returns to the
United States, will be the bearer of a
letter from the pope to President
Roosevelt and will take with him the
pontiff's magnificent gift to the Amer-
ican president, which consists of a
view of the city of Rome from the
Vatican studio, done in mosaic.

JESSE JAMES REINTERRED.

Remains of Noted Outlaw Are Buried
at Kearney, Mo.

Kansas City, June 30.—Jesse James'
body, which has been buried for twen-
ty years in the dooryard of the old
James homestead near Excelsior
Springs, Mo., was disinterred during
the day and buried in the cemetery at
Kearney, Mo., beside the body of his
father and wife. Mrs. Zerelda Sam-
uels, mother of Jesse James, Frank
James, his brother, and Jesse and
Mary, his son and daughter, attended
the ceremonies. A funeral service
was held and the pallbearers were
comrades of Jesse James when all
were members of Quantrell's band.
When the skeleton of his father was
dug up Jesse James, Jr., picked up
the skull and pointed out the hole
made by the bullet from Bob Ford's
pistol. Besides relatives and close
friends of the James family only a
small crowd attended the exercises.

GIVEN A GOOD SENDOFF.

General Jacob H. Smith Sails for the
United States.

Manila, June 30.—Brigadier General
Jacob H. Smith, formerly in command
of the American forces on the island of
Samar, who was recently tried by
court martial on charges prejudicial to
good order and discipline, left for San
Francisco on the United States army
transport Thomas. A large number of
persons assembled to bid him farewell.
All the newspapers of Manila have
printed eulogies of General Smith, and
even the Filipino papers say that the
most cruel methods of ending a war
are, in the long run, the wisest and
most humane.

Mexicans Murder Wealthy Americans.

Hillsboro, Tex., June 30.—It is re-
ported from Cos Sencora, Mex., that
Henry Ward and his wife have been
murdered by two Mexican employes,
who themselves were killed by pursu-
ing officers. Mr. Ward was a wealthy
cattleman and had just sold a large
herd. None of the pursuing officers
were hurt.

Eleven Horses Burned.

Henderson, Minn., June 30.—Fire
destroyed the barn belonging to the
A. P. Poehler company of this city
and all the contents. Eleven horses,
among them two thoroughbreds be-
longing to Andrew Carlson of St. Pe-
ter, were lost, also two colts and several
calves. The origin of the fire is
unknown.

Venezuela Declares a Blockade.

Caracas, June 30.—The government
has issued a decree declaring the ports
of Levala de Coro, Gulara, Gano Colo-
rado and Ciudad Bolivar and the Ori-
noco river blockaded.

Saved from an Awful Fate.

"Everybody said I had Consump-
tion," writes Mrs. A. M. Shields, of
Chambersburg, Pa., "I was so low
after six months of severe sickness,
caused by hay fever and asthma,
that few thought I could get well,
but I learned of the marvelous meri
of Dr. King's New Discovery for
consumption, used it, and was com-
pletely cured." For desperate
throat and lung diseases it is the
safest cure in the world, and is in-
fallible for coughs, colds and bron-
chial affections. Guaranteed bottles
50c and \$1.00. Trial bottles free at
McFadden Drug Co., and H. P.
Dunn & Co.

Eczema

COMES FROM THE BLOOD AND NOT
FROM THE SKIN

The prevalence of Eczema among the
young and old is due to the introduction of
poisonous matter in the blood. Those pim-
ples, eruptions and sores upon the face, neck
and body are all due to the same cause. It
is a waste of time and money to attempt to
cure such a condition by doctoring the skin.
The seat of the trouble is in the blood and
the cause is the blood's impurity. A specific
course of MEDERINE will open the natural
channels of the system and promote a drain-
age of the impurities of the blood, which
will filter, cleanse and purify it so that no
form of eruption upon the skin can appear.
MEDERINE is the only Guaranteed Cure for
Eczema and all blood impurities. It stands
alone today upon its own merits and chal-
lenges the world for a specific blood purifier
like it. Do not nurse your trouble along.
